

## *Nishikoi - Growth*

Nishikoi Growth is a floating premium food for feeding to all pond fish and Koi during the summer months when the fish are active and their metabolism is high. The 37% highly digestible protein enables the fish to utilise it very efficiently whilst helping to keep the pond water clean and healthy.

Growth also boasts a formulation of Spirulina, Astaxanthin and Canthaxanthin along with stabilised Vitamin C giving your fish a much-needed summer health food. Colour enhancers that show your fish to their best.

A Complete & Balanced Formulation which is available in various pack & pellet sizes.
